INDIA - QUANTITATIVE RESTRICTIONS ON IMPORTS OF
AGRICULTURAL, TEXTILES AND INDUSTRIAL PRODUCTS

Notification of Mutually Agreed Solution

The following communication, dated 18 March 1998, from the Permanent Missions of India and Canada, is circulated pursuant to Article 3.6 of the DSU.

In accordance with paragraph 6 of Article 3 of the Understanding on Rules and Procedures Governing the Settlement of Disputes, the Governments of India and Canada hereby notify the Dispute Settlement Body that, with respect to the matter raised by the Government of Canada in its request for consultations with India dated 16 July 1997 (WT/DS92/1; 22 July 1997), concerning quantitative restrictions maintained by India on the importation of a large number of agricultural and industrial products, the parties have reached a mutually agreed solution as set forth in the attached exchange of letters together with the two attached Annexes.

We would ask you to circulate this notification and the attachments to the Dispute Settlement Body and any other relevant Councils and Committees.

No. GEN/PMI/WTO/204/45/96

19 November 1997

Dear Ambassador,

I would be grateful if you would confirm that your Government agrees with the following:

Further to a request made by the Government of Canada on 16 July 1997, for WTO consultations with the Government of India pursuant to Article 4 of the Understanding on the Rules and Procedures Governing the Settlement of Disputes and Article XXII of the General Agreement on Tariffs and Trade 1994 (GATT 1994) concerning quantitative restrictions maintained by India on the importation of a large number of agricultural and industrial products (WT/DS92/1; 22 July 1997), the Government of Canada and the Government of India have reached a mutually agreed solution.

The Government of Canada and the Government of India have agreed as follows:

- The quantitative restrictions on imports maintained by India by reference to GATT Article XVIII on products not identified in Annex 1 to this exchange of letters but identified in WTO document WT/BOP/N/24 Annex III will be removed according to the phases identified in that Annex. However, the time-periods for those phases are not those referred to in the above-mentioned WTO document but are as follows: Phase I covers 1 April 1997 to 31 March 2000; Phase II covers 1 April 2000 to 31 March 2002; and Phase III covers 1 April 2002 to 31 March 2003. If India advances the removal of the quantitative restrictions on imports on any soya product. India agrees to advance the removal of the quantitative restrictions in an identical manner for any corresponding rapeseed/canola product, as identified in Annex 2.
- The quantitative restrictions on imports maintained by India by reference to GATT Article XVIII for the products identified in Annex 1 to this letter will be removed according to the phases identified in Annex 1. In this connection, it is agreed that the time-periods for the three Phases will be those identified in the previous paragraph.
- If in the context of other settlements, agreements or resolutions of disputes with regard to this matter, India agrees to advance the removal of the quantitative restrictions on imports from the Phases identified above, it will do so on an MFN basis. In any case, if India initiates for any reason any legislative, regulatory or other measures advancing the removal of any of the quantitative restrictions on imports which are the subject of this dispute, such removal will also be implemented on an MFN basis.
- All quantitative restrictions on imports maintained by India by reference to GATT Article XVIII on any products currently covered by the Ministerial Declaration on Trade in Information Technology Products ("Information Technology Agreement"/ITA) will be removed during Phase I.

- In respect of the products included in Phase I and Phase II, the liberalization within each Phase will be done in annual tranches in a balanced manner.
- In the interest of transparency and to ensure that importers and exporters may be aware of the various changes being implemented, the removal of the quantitative restrictions on imports of the products identified in WT/BOP/N/24 Annex I, Part B will be published in a timely manner and notified to the WTO. In particular, in accordance with the notification requirements of the WTO Agreement on Import Licensing Procedures.
 - Where imports are channelled through a state trading enterprise or an enterprise enjoying exclusive or special rights the elimination of quantitative restrictions on imports will be without prejudice to India's rights under Article XVII and the Understanding on the Interpretation of Article XVII of the GATT 1994 as well as India's obligations to comply with the requirements of Articles II:4 and XVII of the GATT 1994 and with the Understanding on the Interpretation of Article XVII of the GATT 1994.
- The Government of Canada understands that if the Government of India reaches a bilateral settlement with the complaining parties of the other WTO disputes regarding this same matter (WT/DS90, WT/DS91, WT/DS93, WT/DS94, WT/DS96), then India will seek to have its plan for the removal of the quantitative restrictions on imports of the products identified in WT/BOP/N/24 Annex I, Part B agreed to by the Members of the WTO. In that context, Canada will support that objective.
- Providing that India duly implements the provision of this exchange of letters, Canada will not take any action during the phasing-out period pursuant to Articles XXII or XXIII of GATT 1994 with regard to the quantitative restrictions for the products identified above. This letter together with its attached Annexes and your letter in reply are without prejudice to the rights and obligations of either Member under the Agreement Establishing the World Trade Organization. The implementation of this exchange of letters shall be reviewed annually upon the request of either Canada or India.
- The Government of Canada and the Government of India will notify the relevant bodies of the WTO that they have reached a mutually agreed solution based on the fulfilment of the undertakings set out in this document with regard to the matter raised on 16 July 1997 (WT/DS92/1; 22 July 1997).

Yours sincerely,

(Signed) S.

Narayanan

19 November 1997

Dear Ambassador,

I acknowledge receipt of your letter of today's date and the attached Annexes. The letter reads as follows:

"I would be grateful if you would confirm that your Government agrees with the following:

Further to a request made by the Government of Canada on 16 July 1997 for WTO consultations with the Government of India pursuant to Article 4 of the Understanding on the Rules and Procedures Governing the settlement of Disputes and Article XXII of the General Agreement on Tariffs and Trade 1994 (GATT 1994) concerning quantitative restrictions maintained by India on the importation of a large number of agricultural and industrial products (WT/DS92/1; 22 July 1997), the Government of Canada and the Government of India have reached a mutually agreed solution.

The Government of Canada and the Government of India have agreed as follows:

- The quantitative restrictions on imports maintained by India by reference to GATT Article XVIII on products not identified in Annex 1 to this exchange of letters but identified in WTO document WT/BOP/N/24 Annex III will be removed according to the phases identified in that Annex. However, the time-periods for those phases are not those referred to in the above-mentioned WTO document but are as follows: Phase I covers 1 April 1997 to 31 March 2000; Phase II covers 1 April 2000 to 31 March 2002; and Phase III covers 1 April 2002 to 31 March 2003. If India advances the removal of the quantitative restrictions on imports on any soya product, India agrees to advance the removal of the quantitative restrictions in an identical manner for any corresponding rapeseed/canola product, as identified in Annex 2.
- The quantitative restrictions on imports maintained by India by reference to GATT Article XVIII for the products identified in Annex 1 to this letter will be removed according to the phases identified in Annex 1. In this connection, it is agreed that the time-periods for the three Phases will be those identified in the previous paragraph.
- If in the context of other settlements, agreements or resolutions of disputes with regard to this matter, India agrees to advance the removal of the quantitative restrictions on imports from the phases identified above, it will do so on an MFN basis. In any case, if India initiates for any reason any legislative, regulatory or other measures advancing the removal of any of the quantitative restrictions on imports which are the subject of this dispute, such removal will also be implemented on an MFN basis.

- All quantitative restrictions on imports maintained by India by reference to GATT Article XVIII on any products currently covered by the Ministerial Declaration on Trade in Information Technology Products ("Information Technology Agreement"/ITA) will be removed during Phase I.
- In respect of the products included in Phase I and Phase II, the liberalization within each phase will be done in annual tranches in a balanced manner.
- In the interest of transparency and to ensure that importers and exporters may be aware of the various changes being implemented, the removal of the quantitative restrictions on imports of the products identified in WT/BOP/N/24 Annex I, Part B will be published in a timely manner and notified to the WTO, in particular, in accordance with the notification requirements of the WTO Agreement on Import Licensing Procedures.
- Where imports are channelled through a state trading enterprise or an enterprise enjoying exclusive or special rights the elimination of quantitative restrictions on imports will be without prejudice to India's rights under Article XVII and the Understanding on the Interpretation of Article XVII of the GATT 1994 as well as India's obligations to comply with the requirements of Articles II:4 and XVII of the GATT 1994 and with the Understanding on the Interpretation of Article XVII of the GATT 1994.
- The Government of Canada understands that if the Government of India reaches a bilateral settlement with the complaining parties of the other WTO disputes regarding this same matter (WT/DS90, WT/DS91, WT/DS93, WT/DS94, WT/DS96), then India will seek to have its plan for the removal of the quantitative restrictions on imports of the products identified in WT/BOP/N/24 Annex I, Part B agreed to by the Members of the WTO. In that context, Canada will support that objective.
- Providing that India duly implements the provisions of this exchange of letters, Canada will not take any action during the phasing-out period pursuant to Articles XXII or XXIII of GATT 1994 with regard to the quantitative restrictions for the products identified above. This letter together with its attached annexes and your letter in reply are without prejudice to the rights and obligations of either Member under the Agreement Establishing the World Trade Organization. The implementation of this exchange of letters shall be reviewed annually upon the request of either Canada or India.
- The Government of Canada and the Government of India will notify the relevant bodies of the WTO that they have reached a mutually agreed solution based on the fulfilment of the undertakings set out in this document with regard to the matter raised on 16 July 1997 (WT/DS92/1; 22 July 1997)."

I am pleased to confirm that the contents of your letter and of the two attached annexes are acceptable to the Government of Canada and to confirm that your letter and this reply will constitute a mutually agreed solution between India and Canada with regard to the dispute entitled "India - Quantitative Restrictions on Imports of Agricultural, Textile and Industrial Products (WT/DS92/1; 22 July 1997).
