

Online TBT & SPS Web Portals by the Centre for WTO Studies

27th October 2009
Ahmadabad

Dr. Murali Kallummal

Consultant/Associate Professor,
Centre for WTO Studies (CWS),
IIFT, New Delhi

The Objective of the Centre for WTO Studies

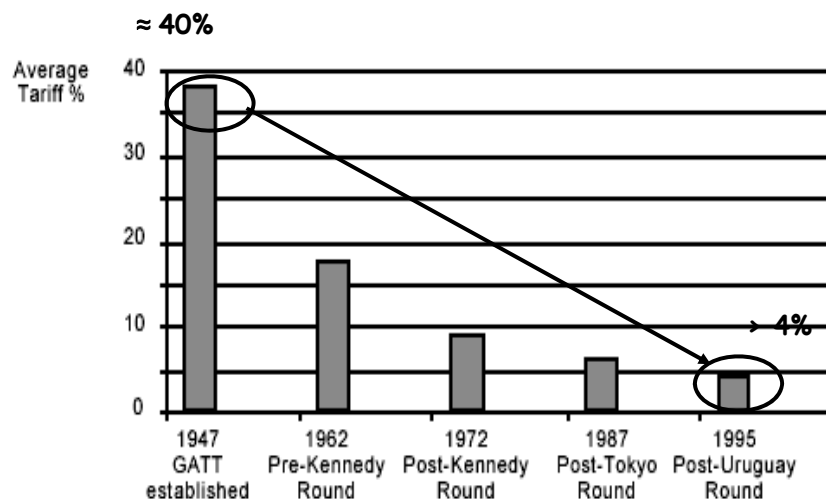

- The CWS was created in 2002 and by the Department of Commerce, Ministry of Industry & Commerce, GOI.
- The major objective of the Centre is to **provide research and analytical support** on a continuous basis to the **Department of Commerce on identified issues pertaining to the World Trade Organization.**
- In addition, it is also tasked to carry out research activities, bring out Publications on WTO related subjects, carry out Outreach & Capacity Building programmes by organizing seminars, workshops, subject specific meetings etc., and to be a repository of important WTO documents in its Trade Resource Centre.
-

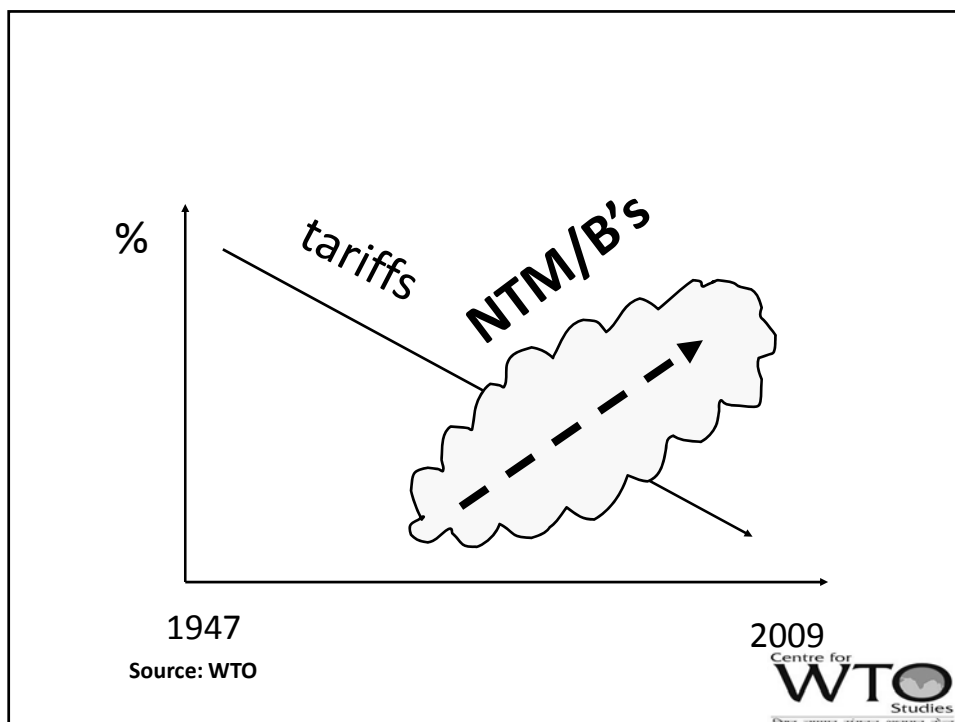

The Objective of the Centre for WTO Studies. Cont....

- It became imperative to look beyond tariffs as these were coming down (both voluntarily and as part of WTO negotiations) and **WTO-Compatible non-tariff measures**, like TBT and SPS were increasing by the year.
- So it was felt way back in early 2003 itself that a database to capture individual **member notification and its link to the trading activity** (ie., HS code).
- It was felt that for the Indian exporters would need to be aware on each of these notification and its product coverage. **Hence it was not only important to have comprehensive database compiled but it equally important to disseminate the same.** It took six years to compile this database.

Overall, import weighted tariff on industrial products

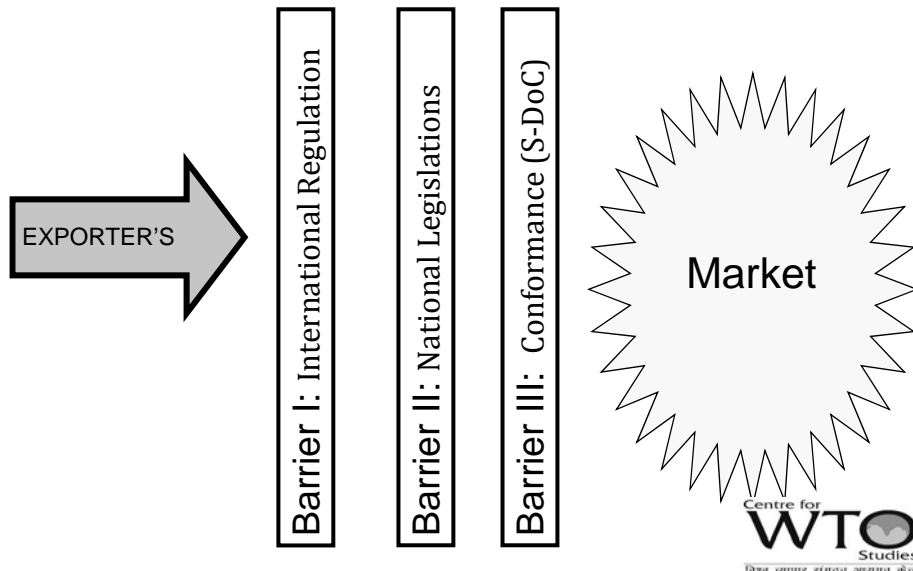

Source: WTO

What are the possible trade/commercial effect?

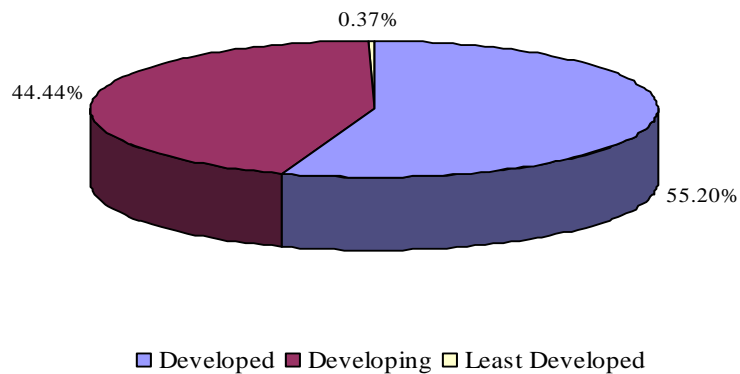

- Nearly 12,259 TBT notifications January 1995 to August 2009, in terms of coverage roughly 75,000 products at heading level (**4 digit HS**) and broad product classification(BPC), for example like “All products”, “Construction materials”, “Animal and animal products”, etc;
- Nearly 8,676 SPS notifications for the same period, and the coverage was roughly 70,000 products respectively;
- Possible negative impact on trade and commercial by way of the kind of coverage in terms of heading/BPC is unimaginable- **especially when India are opening up is poised for a bettering market access in the QUAD markets - Doha Round.**
- At the national line level (i.e.,8 digit HS ITC) virtually all lines are covered by either of the two measures.

As an Exporter what is required to meet Challenges of NTM/Bs?

SPS - Members notifying since 1995

Development Status of Notifying Members as of December 31, 2008

First link: Commerce Ministry

The screenshot shows a Windows Internet Explorer browser window displaying the website of the Department of Commerce, Government of India. The address bar shows the URL: <http://commerce.nic.in/trade/TBTSPS.asp?id=5&trade=1>. The page content includes a navigation menu with links like Home, Contact Us, Photo Gallery, and Glossary. The main content area is titled "TBT and SPS Portals (Centre for WTO Studies)" and contains the following text:

→TBT and SPS Portals (Centre for WTO Studies)

TBT:- <http://cc.ift.ac.in/tbt/index.asp>

SPS:- <http://cc.ift.ac.in/sp/index.asp>

The links for TBT and SPS are circled in red. The footer of the page includes the text "© Copyright 2006, Department of Commerce, all rights reserved" and "Home Sitemap Disclaimer Credits". A "Centre for WTO Studies" logo is visible in the bottom right corner.

Second link: IIFT Website

The screenshot shows a Windows Internet Explorer browser window displaying the website of the Indian Institute of Foreign Trade (IIFT). The address bar shows the URL: <http://www.ift.edu/ift/index.asp>. The page content includes a navigation menu with links like Home, Campus News, Student Body, FAQs, Search, Contact us, and Hindi Version. The main content area is titled "MBA (IB) 2009-11 : Score Card" and contains the following text:

List of Shortlisted Candidates for MBA(IB) 2009-11 Programme

The IIFT (IB) 2009-12 programme for Delhi & Kolkata Campuses will be announced in second week of March 2009

PhD Part Time Programme for the next session i.e. 2009 will be announced by 2nd March 2009

The page also features a "Daily News Update" section with the headline "India surpasses China on engineering goods : Business Standard :: Mar 2, 2009". A "Centre for WTO Studies" logo is visible in the bottom right corner.

Thirdly through the CWS Website

Pre-Registration - SPS Web portal

Pre-Registration - TBT Web Portal

Details for Registration

- **Contact Person**
- **Personal Information's like Email-id, Phone, etc.,**
- **Organizational Information**
- **Contact Information's like Personal & Official**
- **Most Important of all is the Country from where it is being used.**

Login ID and Password

- An automated **unique Login ID and Password** (the password can be customised), will be sent to you to your email ID, as mentioned as part of the registration process, within a few hours or a maximum duration of 48 hours.
- If it is not working, **please check your junk mails**, and for institutional users find out if your **Web ID is fire wall protected or not**, this also from our past experience we have found.
- Both the **SPS and TBT Web Portals require separate** registration.
- There is no restriction on the number of registrations within the same organisation. For Apex Chamber of Commerce, FICCI & CII this will be of use by way of decentralising.

Registration Process

Post-registration information on the Portal

The screenshot shows a web browser window titled "WEB BASED QUERY OF SPS NOTIFICATIONS - Windows Internet Explorer". The address bar shows the URL "http://cc.ift.ac.in/spa/main.asp". The page content includes a header "WEB BASED QUERY OF SPS NOTIFICATIONS" above a photograph of various agricultural products like carrots and onions. To the right of the photo is a vertical menu with the following items: Notification, Member, Year, HS Code, and Objective and Rationale. A "Sign out" link is located at the bottom right of this menu. The footer of the page features the logo for the "Centre for WTO Studies" with the text "WTO Studies" and a small globe icon.

For example; if search for “Albania” on the TBT portal

The screenshot shows a web browser window titled "WEB BASED QUERY OF TBT NOTIFICATIONS - Windows Internet Explorer". The address bar shows the URL "http://cc.ift.ac.in/tbt/Search.asp?key=2". The page content includes a header "WEB BASED QUERY OF TBT NOTIFICATIONS" above a photograph of a spiral notebook with a pen and a small jar. The text "Web Based Query of TBT Notifications" is overlaid on the notebook. To the right of the photo is a search form titled "Member Based Search". The form has a label "Member" followed by a dropdown menu showing "Albania" and a "Search >>>" button. A "Back" link is located at the bottom right of the search form. The footer of the page features the logo for the "Centre for WTO Studies" with the text "WTO Studies" and a small globe icon.

Where does India Stand?

- India had nearly 31 % NTM/B's incidence (frequency) out of a total of 5243 HS eight digit product list- **in 1999**.
- It means India had 1625 commodities with the presence of either TBT or SPS measures
- This list is inclusive of products under import Quota, which was removed in **April 2001**.
- Indian NTM/B's incidence have substantially reduced after these quota restriction removal.
- 1995 to 2009 India has only added a total of less than 150 SPS and TBT notifications.
- **So India is not a major player in terms of use of NTM/B's.**

Temporarily one can look for these details

- **Until the CWS web portal is fully functional - it is now on trail run- one can find further details on the WTO official website.**
- **If one wants to go to - the exact TBT or SPS notifications beyond what has been provided in the CWS Database.**
- **You can use WTO Website - http://docsonline.wto.org/gen_search.asp?searchmode=simple .**
- **This link can also be visited through the CWS Website - WTO Website link - Search - Simple Search**
