

Exercise on responding to Partner's Offer List

Dr. Murali Kallummal,
Associate Professor, CWS

Background

1. You have a 6 digit list of items(products) that your partner in an FTA demands that you liberalise in terms of tariff (if it's a deeper integration then MRAs);
2. Now the task is to find how competitive of uncompetitive you are on these lines;
3. You also may like to know whether India have the export capabilities? What is the total global trade? What is the partner's share in global trade?
4. Finally you may also would like do a tariff profile on these lines for you and your partner.

What are the Issues

1. What is the present status (MFN or non-MFN, Bound at what level);
2. Check if the RCA status on these lines (RCA India > RCA Thailand);
3. What is the unit Prices of India in these lines and how do they compare with your partner's unit prices;
4. India's Global Exports;
5. India's export to the Partner's;
6. Partner's Global imports;
7. India's exports as a % share of Partner's Global Imports

Issues to be considered- *it may Vary according to sensitive's*
