Short BIO-

Raghavi Vatsh

I am an Economics postgraduate currently serving as a Young Professional at the Centre for WTO Studies (CWS), established under the Ministry of Commerce and Industry, GOI. I am currently associated with the FT (South Asia) Division, where my work focuses on trade policy and the analysis of Free Trade Agreements (FTAs) in South Asia. I have developed a strong interest in trade policy and am keen to continuously expand my knowledge and understanding of international trade and related policies.
